The period of consultation is around halfway through and there is still time for representations to be made online before the closing date of 19 th January at www.lenziepharmacy.com , or by picking up a hardcopy questionnaire at the Grove or various Queen's buildings shops or by contacting the proposer directly at aidan@lenziepharmacy.co.uk . In response to questions, it was noted that there is no geographical or residence limitation on who can respond to the consultation.	
4.0	POLICE REPORT (via Secretary)	
	Officer Canning had been in touch with the Secretary and had been contacted by a resident who is concerned about driver behaviour through the village on the B757. This resident has also contacted the Secretary, Problems include an increase in typical speeds and aggressive driving. A consequence of this is that she is intimidated in terms of 'active travel' and walking children to school. These are issues that we have raised several times with the Police and EDC Officers and one suggestion is that we might bring together the various parties involved through a specific agenda item, to see what steps might be taken to investigate and alleviate the problems.
